

LEGACY

A SIGNATURE ACADEMIES COMMUNITY

To Whom It May Concern:

We purchased a home built by Nancy Frost when we relocated from Dallas, TX. After narrowing down our choices, it was the reputation of Frost Homes that was the final factor in our decision. After living in national builder's home in Dallas, it was easy to notice the difference in craftsmanship and attention to detail. The trim work, painting, and overall quality of the construction was fantastic. My wife particularly appreciated a woman's perspective in the design of the home, with well thought out locations for the laundry room, linen closets, storage areas, sinks, and other features.

Frost Homes stands behind their homes. We were the 2nd owner, yet when we called with questions or with warranty items they were very responsive and helpful. Frost Homes has fantastic subcontractors with whom they have worked for years. These long-term relationships with subcontractors provide great peace of mind when building a home. They know the quality expectations of Frost Homes and stand behind their work.

We feel very comfortable recommending Frost Homes. There is a big difference in quality amongst the various custom builders in the Treasure Valley, and Frost Homes ranks among the best. Feel free to contact me with any questions at toddsantiago@yahoo.com.
